2018-2019 Community Health Needs Assessment

The Journey Continues
Live as if you were to die tomorrow
Learn as if you were to live forever
CHNA Process

1. Reflect and Strategize
2. Identify and Engage Stakeholders
3. Define the Community
4. Collect and Analyze Data
5. Prioritize Community Health Issues
6. Document and Communicate Results
7. Plan Implementation Strategies
8. Implement Strategies
9. Evaluate Progress

Association for Community Health Improvement. (2017). Community Health Assessment Toolkit.
Collective Impact

Diverse organizations coming together to solve a complex social problem
The 5 Conditions of Collective Impact

1. Common Agenda
   - Common understanding of the problem
   - Shared vision for change

2. Shared Measurement
   - Collecting data and measuring results
   - Focus on performance management
   - Shared accountability

3. Mutually Reinforcing Activities
   - Differentiated approaches
   - Coordination through joint plan of action

4. Continuous Communication
   - Consistent and open communication
   - Focus on building trust

5. Backbone Support
   - Separate organization(s) with staff
   - Resources and skills to convene and coordinate participating organizations

- Employers
- Economic Development
- Environmental Health
- Mental Health
Healthy Franklin County
Our Vision: To have all People of Franklin County live in a state of optimal physical, mental, and social well-being.

Our Mission: To engage and partner Franklin County communities to create and support healthy behaviors and lifestyles through education, awareness, programming and access to services.
Goals

• Promote inclusive environments and community policies to develop a culture of wellness and health
• Improve and enhance access to wellness and health services
• Establish tools for communities and organizations to routinely communicate and evaluate healthcare progress
• Promote diverse strategies that embrace healthy mind, body and spirit
2017-2019 Community Health Improvement Plan (CHIP)

A Framework for Our Future

Improving health where people live, learn, work, play, pray, shop
Healthy Community Design: Making the Healthy Choice the Easy Choice—Remembering Mark Fenton

Is it Sticky

Borough of Chambersburg Pedestrian & Bicycle Plan

Walkability Score of 50 (out of 100)
Where Health Happens

Systems Thinking:
Improving health where people live, learn, work, play, pray, and shop
Systems Approach to Strengthening Families

Protective Factors Are Robust in their Lives and Communities

- 5 Protective factors
  - Parental Resilience
